

The City of Colwood's EMR Task Force and C.A.U.S.E. invite you to attend a public meeting

The Inconvenient Truth: Wireless Technologies and Our Health

Public Health Risks of Cell phones, Cell Towers, Wireless Internet (Wi-Fi) & Cordless phones

- Existing safety standards are inadequate to protect human health according to independent scientists.
- Those at greatest risk are children, pregnant mothers & their fetuses, the elderly, the sick, the immune-suppressed, epileptics, and those with heart conditions and electronic implants.
- Common symptoms with exposure – headaches, dizziness, fatigue, sleep problems, anxiety, digestive changes, skin disorders, tinnitus, restless legs, heart arrhythmia, high blood pressure, joint & muscle pain, fertility issues, memory & concentration difficulties.
- Learn how to use wireless technologies safely and protect your family. Bring your questions.

Presented by Dr. Magda Havas, PhD

Associate Professor of Environmental & Resource Studies at Trent University; teacher and researcher on the biological effects of environmental contaminants. Current research on biological effects of electromagnetic pollution including radio frequency radiation, electromagnetic fields, dirty electricity, and ground current. She is science advisor to the following non-profit organizations: Wireless and Electromagnetic Pollution -- Canada; Wireless Technology Impacts and EMR Policy Institute -- US; HESE and the Radiation Research Trust-- UK; National Platform Stralingscrisico's--Netherlands.

WHERE: Royal Roads University, Grant Building, 2005 Sooke Rd

WHEN: Wednesday, July 22nd - 7:00 pm (parking on site P3)

Also: Victoria-based author and concerned parent Dr. Kerry Crofton, PhD in health psychology will introduce her latest book *Radiation Rescue, 4 steps to safeguard your family from the other inconvenient truth – the health hazards of wireless technology*, that brings together the evidence from thousands of independent studies with advice from international leading scientists, physicians and EMR technicians.

What you don't know can hurt you

Great thanks to Royal Roads University for their kind sponsorship of this event
Donations appreciated
